## CHAMPIONSHIP EVENTS

### Self-Caught Flight

Maximum Time Aloft: M.T.A. is one of the most demanding of all flying disc disciplines. Good performances require strength, control and an extensive knowledge of the nature of disc flight. Players throw a "boomerang" flight into the air and catch the return flight cleanly in one hand. Time is measured from release until first contact in the catching attempt.

World record — 15.2 seconds, Mark Vinchensi, Amherst, Mass.

Women — 10.04 seconds, Monika Lou, Boulder, CO

Throw, Run & Catch: TR&C holds all the challenges of M.T.A. plus requiring that the player be a swift runner. Players throw a "boomerang" flight into the air and catch the return flight cleanly in one hand. Distance is measured from point of throw to point of first contact in catching attempt.

World record — 271.2 ft. Tom Monroe, Huntsville, AL

Women — 163 feet, Barb Urick, Tempe, AZ

Self-Caught Flight points are determined by evaluating the player's performance in both M.T.A. and TR&C.

### Distance

More powerful players, better technique and improved discs have pressed the distance barriers well past the length of a football field. Both the backhand and the sidearm are popular deliveries for this power event.

World record — 444 feet, John Kirkland, Santa Barbara, CA

Women — 283.5 feet, Susanne Lempert, New York, NY

### Disc Golf™

One of the most exciting developments in play is the public acceptance of Disc Golf. Many club and municipal courses have been experiencing very heavy usage. Play is analogous to ball golf except that fairways are shorter and much more restricted. Holes are completed by either striking objects on informal courses or hitting Disc Pole Holes on standardized courses.

### Double Disc Court

A doubles game in which a pair defends a 12x12 meter court. The courts are separated by a 15-meter neutral area. Each point begins with one player on each team throwing the disc to the opponent's court. Scoring occurs when a team drops a disc, has a disc land in their court or holds both discs. Good shot variety and placement are the keys to competitive success.

### Freestyle

Freestyle is the "hotdog" aspect of Frisbee disc play. Based on the throw and catch fun of the beach and backyard, freestyle has become an extremely challenging and beautiful aspect of competitive play. Judging is done by other active players and considers difficulty, execution, variety and presentation.

### TEAM GAMES

#### Guts

Two teams of five players face each other across a 14-meter neutral zone. The disc is thrown at great velocity across this zone with points being scored for wild throws or missed catches. All throws must be caught cleanly in one hand. The Professional™ model is used for Guts.

#### Ultimate

A field game played with seven players on each team, Ultimate has become extremely popular with club, high school and college teams. The disc is moved from player to player by passing and goals are scored by throwing to a team member in the end zone. The 165-G® model is used for Ultimate play.

Jeff Morelli & Angus, Leetonia, OH — Mid-Central Region

**1979 Champion:** Jim Strickler & Dink, Severna Park, MD

**Director:** Eldon McIntire

**National Director:** Irv Lander

Dear Frisbee® disc Enthusiast:

Welcome to the seventh annual World Frisbee® disc Championships at the Rose Bowl. As in the past, we at Wham-O hope that you enjoy watching and learning about disc sports as much as we enjoy bringing them to you.

Flying disc sports are growing throughout the world. Today's events are the culmination of 21 North American Series tournaments in the United States and Canada, plus numerous competitions throughout the free world during 1980.

The competitors that you will be watching have spent countless hours, days, months, and years perfecting their skills. Please let them know you understand and appreciate the dedication and sacrifice that they have made to be here today. They will truly appreciate it.

I would like to express my gratitude to you the spectators, the players, the International Frisbee® disc Association, the officials, our sponsors, the City of Pasadena and all its involved agencies, all my associates at Wham-O who work so long and so hard - - - - to all of you - - - - Many thanks!

Sincerely,

ROBERT P. GARDNER  
Vice President  
Sales/Marketing

# 1979 WFC CHAMPIONS

Scott Zimmerman —  
Open Overall World Champion

Teresa Gaman —  
Women's Overall World Champion

# YOU'RE LOOKING AT ONE OF THE GREATEST SWIMMING LEGENDS OF ALL TIME:

Not Suzanne Mitchell. (She still spends most of her time in the shallow end of the pool.) We mean her suit. By Speedo. The suit that's been worn by swimmers winning more gold medals, setting more world records and making more swimming history than any other racing suit. Ever. And today the Speedo legend lives on. In sleek styles and colors that make you look like a world-class swimmer.

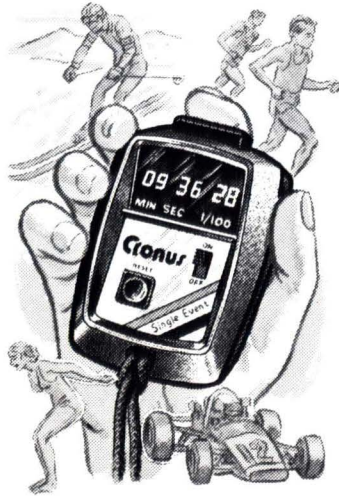

## Gronus The World's Finest Stopwatches Cronus Electronic Digital Stopwatches

The Official  
Watch of The  
1980 WFC

Look at the features:

- Much more accurate than mechanical stopwatches
- 1/100 of a second readout
- 60 minute timing range
- Quartz-controlled accuracy
- Long battery life
- Low battery warning indicator —to prevent inaccurate timing
- Full one-year limited warranty
- No moving parts to fail or wear out; amazing resistance to shock and abuse
- Some models watertight
- Complete with batteries, lanyard, wrist strap manual

## International Frisbee® disc Association

You are invited to join with over 120,000 other people of all ages who enjoy the pleasures and challenges of the Frisbee disc. The IFA, which began in 1968, is dedicated to the worldwide increase of understanding and appreciation of the sport. This appreciation ranges from the most pure recreational enjoyment to highly advanced competition. We encourage you to join us.

Dan "Stork" Roddick, Director  
International Frisbee disc Association

**PLEASE SEND ME:**

- Lifetime I.F.A. membership — \$4.00 includes personalized card, certificate and proficiency manual (foreign, \$5.50)
