THURSDAY DDC

The third round of DDC (Pool of 10, round robin) produced some of the most exciting action of the day. The rapid development of new, talented teams made yesterday's round the highest level play in the history of the game. Upsets, overtime games and narrow winning margins made the round a spectator's delight and a statistician's nightmare. Artful escapes, sure hands and awesome burn attacks gave the games a pace and flow only dreamed of a year ago.

Four teams advance to the semifinal:

1st Brenner/Zimmerman -vs- 4th Bonopane/Duvall
2nd Geare/Horn -vs- Greensage/McInnis

The action starts at 9:00 am on Saturday.

Eight other teams were eliminated:

5th Wingo/Monroe (4-5)	46 points each
6th McLean/Selinske (4-5)	45 points each
7th Velasquez/Velasquez (3-6)	44 points each
8th Loftus/Kirkland (3-6)	43 points each
9th Pierson/Sheldon (2-7)	42 points each
10th Beukelman/Beukelman (1-8)	41 points each

I STILL MADE AN ERROR BECAUSE I DIDN'T KNOW I DID IT RIGHT

This morning at breakfast, I told many of you that there was an error in the Open Distance listing. Well, after an hour or more of pouring over raw data, going blind in the bad light and getting writer's cramp by Linda (Dan's new personal secretary who came down to see if we needed any help), it was discovered that the list was indeed correct.

The scores listed below 30th place constitute the perlim round marks. The scores from 29 to 11 constitute the second round tosses, hence the possible lower score above the higher score from the first round. Anyway, your Thursday review is correct.*

I might add that if you find an error in my calculations or you feel you have been improperly placed in an event, please come see me as soon as possible. We will research the raw data and come up with a solution. The huffy-puffy accusatory stuff I don't need - just come to me as a person who has been cheated, maltreated, misplaced and abused and who's 1981 livliehood depends upon my calcuations and I'm sure we can work it out.

*Well almost. As this issue was about to go to press, I found a note from Neal Dambra asking me to check on why he was left out of the distance list. He should have been on it. The ranking has changed from #45 down.

45.	Neal Dambra	91.83	6 points
46.	Kevin Walker	91.63	5 points
47.	John O'Malley	91.28	4 points
48.	Les Bryant	91.25	3 points
49.	Danny McInnis	90.86	2 points
50.	John Jewell	90.80	1 point

(SORRY SAUCER!)

PREDICTION COMES TRUE

Stork's prediction in the Wednesday WFC Review about a disc being sold for over $200 at this year's auction came true Thursday night. A red Mystery Y was sold to Ron Kaufman by Irv Kalb for $225. That disc will not be given away to the winner of today's Trivia Contest.

ULTIMATE PLAYERS MEETING

A meeting of any persons interested in Ultimate will take place Friday night (tonight!) at 7:15 P.M. at Don Vito's. Remember: you get one free beer by showing your meal ticket.

If you want to play on the all-star team in Sunday's demo game in the Rose Bowl against the former world champion Santa Barbara Condors, you must attend this meeting. The Ultimate Players Association and the specifics for the Bowl game will be the main topics of discussion.

No need for reservations - see Tom Kennedy at Don Vito's.

DAILY DONUTS

Message to a player from a meal ticket-checker at the lunch hall:
"There's a guy with a Frisbee looking for you."

Freestyle entrant: "How come you didn't list me as a top seed?"
Palmeri: " You are a top seed. Except now we have super seeds."

There were a lot of daily donuts during the final DDC game Thursday in the Brenner/Zimmerman - Bonopane/Duvall game. One of the best was a fun jab at players who blame their bad fortunes on the court surface. Scott Zimmerman, after throwing a burn shot 15 meters past the back line, "Geez, on any other court in the world that would have stayed in."

Overheard at the golf competitor's meeting Thursday morning -
Competitor: "Can you put both feet on either side of of the disc and straddle putt?"
Stork: " Only if a part of your anatomy is touching your lie."

DEMO TEAMS WANTED

Demo teams are needed for Midwest tour: Roller disco or other roller show; and one Disco Dance team. Also, a Frisbee disc team is needed for an exciting winter tour in North and South Dakota. If making moolah by daily discing in beautiful, out of the way, non-touristy places sounds appealing, see Tom Monroe for more information.

DISAPPEARING DISC Someone has accidentally picked up Teresa Gaman's Mold 22A number 6 golf disc. Please check your belongings, and if you find it, Teresa would appreciate getting it back. See her, or turn it in to Bahia 102-A or to the table at the field.

STILL LOST Doug Drawbond is still trying to recover his gold, disc-shaped pendant that was lost on Tuesday, probably on the DDC (SCF, Distance) field. It is inscribed with "KUUL" on the front, and "Frisbee toss" on the back. Please turn it in to Doug in Mariposa 202-B.

MAKING A DIFFERENCE WITH THE DISC

Have you ever felt that you knew that there was something that you could do do that would improve your life and the lives of many other people?

This evening from 7:30-9:00 P.M. in Otero Lounge,

Our time together this evening in Otero Lounge from 7:30-9:00 P.M. will be dedicated to sharing our dreams and experiences of making a difference in the world and taking that energy to plan our future. Disc playing is just starting a movement that is going to have a huge impact on the world's population. The opportunity to align the growth of our sport with an increased social consciousness is here and now. If you know that you are ready to take your awareness into action, please come tonight.

A special invitation is extended to people who are concerned with getting disc programs into the schools.

Schedule: 7:30 Introductions and sharing the context of the gathering
8:00 Film "I Want To Live"
8:30 Discussion: Ending hunger by the end of the century; Getting involved and working together.
9:00 Leave for party at Don Vito's

FLAPJACK GUTS

The finals (prelims and semis?) will take place at the party at Don Vito's Sunday night. So that you will be prepared, Craig Chepley has provided the following rules of the game.

FLAPJACK GUTS - 2 PERSON

SURVIVAL CRASH COURSE FOR WORLD FLAP CHAMPIONSHIP

1. A partner with good catching abilities
2. Ability to bounce oneself off of walls, floors, and partner still leaving a part of yourself available to catch zee flap

BRIEF RULES

DISTANCE AND DIMENSIONS OF THIS COURT

7 METERS (22.96') long, well defined by paint or red taped lines
4 METERS (13.04') wide, foot to foot - elbow to elbow

THE THROWS

1. The flap can be thrown by either hand anyway but the flap cannot touch itself (i.e. bent, scrunched, folding is not allowed) prior to release.
2. The flap shall be thrown at a slow to moderate speed. Fast throws in bounds may be called back and rethrown without penalty. No shot may be thrown at such a speed that its velocity per se makes it difficult to catch. The receiving team may call for a rethrow on such throws.
3. Throws shall alternate consecutively between teams and partners.

DEFENSE/OFFENSE

1. The throws must be caught cleanly in one hand. The flap cannot be trapped against the body.
2. The throw must be within the outstretched (optimum reach) arm area of the end men laterally and vertically.
3. The idea is to throw zee flap in a controlled, abstract manner through the opposing team's strike zone area. Throws wide, short and high constitute a point for the receiving team. Dropped catchable throws score a point for the throwing team.

HISTORY

Honor is bestowed upon inventors John "Dreamer" Weyand and Don "The Rocket" Hoskins for this insanity. The first tournament for money was held in Arizona during the 1979 Southwest Nationals with 1st place to the "Soakers" (Duvall, McLean, Geare). The 2nd Desert Classic Flap Tournament for bucks was during the 1980 Arizona Nationals with 1st place to "The Flashers" (Savage, Hatch).

ABUSE YOUR FLAP !!

TRIVIA CONTEST #2 ANSWERS AND WINNING RESULTS

Hey! This is getting exciting! We received three entries on this one - up 300 per cent from Wednesday. Thanks to Hunter/Conger for their second response in two days and to Mark Horn/Tom Kennedy for their effort. The winner, however, of a beautiful collector's item, a specially hotstamped 1980 WFC tournament disc is Sheryl Payne, who had the most correct responses. Obviously, she did her homework and asked around. If you are smart, you will too on today's contest. There are only two left, counting today's; so don't delay (well, OK, you can in Friday's freestyle) and play today.
