RESULTS OF WEDNESDAY'S CONTEST After three days of attempts, Darrell Lynn finally hit the jackpot. He edged out Tita Ugalde and Frank Neef for the oddity disc honors. He & Kevin Sparkman are still in the running for the win in Monday's contest (we'll find out the answer yet!)

There are only two trivia contests left at this year's WFC. So check the answers below; then proceed to the next page.

1. A. Regarding the oldest and youngest Seniors in the 3 divisions:

MASTERS - Jim Palmeri (40); Phil Johnson (35¼), not Tom Monroe (35½)
GRANDMASTERS - Johnny Roberts (51); Ron Widel (47)
SENIOR GRANDMASTERS - Jack Roddick (61); Ed Headrick (58)

B. The average age in those Seniors Divisions is 37, 49,& 59½.

2. No one has competed in all 9 WFC's; Jon Cohn qualified for all of them but did not attend the first one; Dan Roddick, Mark Danna, Ed Headrick and Tom Boda have participated in all nine.

3. A. The United States is represented at WFC '82 by competitors from twenty-four states.

B. California and New York make up 33% of the total U.S. competitors, down from the usual 50%.

C. Of the 86 U.S. players, 44 (over half of the total) come from just four states: California (17), New York (11), Florida (9), and Virginia (7).

D. The six states represented by only one player each are: Tennessee, Alabama, Mississippi, North Carolina, Arkansas, and Idaho.

For your information, the other 14 states are: New Jersey (4), Minnesota (4), Pennsylvania (3), Maryland (3), Arizona (3), Illinois (3), Missouri (2), Texas (2), Wisconsin (2), Oregon (2), Washington (2), Colorado (2), Massachusetts (2), Hawaii (2).

4. According to Ed Headrick (well-known golf authority) and Billy Bloom (who suggested a slightly altered version of the question in the last 1981 - not '82 - WFC REVIEW Trivia Contest), you have good news. The key is that although your disc is suspended by the hanging limb over the cylinder of the Pole Hole's basket, it is also in contact with the basket. Ergo, your wild drive is indeed a hole-in-one.

5. Ed and Billy offer two variations on the disc lodged in a limb which swings over and under two meters. Billy says grab the disc out of the limb when it is below two meters and legally declare no penalty. Play it directly under the spot where you grabbed it. Similarly, 001 says "Get the two-meter stick, and when the disc touches it, take the disc and play on with no penalty."

* * * * * *

Thanks to Johnny Roberts for tackling the assignment of finding out all the Seniors' ages.

THURSDAY'S TRIVIA CONTEST Find out how much you know about Ashley Whippet, Lefties, non-U.S. players, and Billy Bloom rules questions. Take a few minutes to give your answers to Mark Danna (Room 211) before 8 PM, and just maybe you'll become the proud owner of a WFC oddity disc.

1. Thomas Pelkowski of West Germany heads the final 5 who go for the Open Distance title. If he wins, he will be the first non-U.S. person to win a world Frisbee disc championship. Another so-called foreigner came close a few years back. Who was this player (4 points), what was the event (2 points), what was the year (2 points), and what was his country (2 points).

2. There are a number of players here who are predominantly left-handed. For 2 points each, name 10.

3. Only 3 players in WFC history (excluding freestyle and upside-down throws) have won world titles solely or primarily using counterclockwise spin. Name them (3 pts. each), the events (3 pts.) and the years(3 pts.)

4. Today in SCF, as the cut is being made from 10 to 5, an eager thrower may say, "A total of 10 (in MTA and TRC rankings) means I'll make the next round." For 10 points, is this assumption correct? And if not, what are the worse two finishes which will guarantee his making it further?

5. We asked about the Seniors' ages yesterday. Today we want to know: Who are the oldest and youngest Open competitors, and who are the oldest and youngest U.S. competitors in the Open Division? (Names are worth 2 points each; ages, 1 point each).

6. Whirling Wally and Flashy Fred enter freestyle with Awful Artie at the WFC. Wally and Fred are HOT, but Artie is a horror. He's a DDC specialist.

After 15 seconds of the routine, Awful, who has done one move on his own, succumbs to the humidity and passes out. Wally and Fred finish on their own and play beautifully. For 10 points, how do you judge this routine, and does Artie get points?

7. Ashley Whippet is without doubt the best known Frisbee disc player in the eyes of the general public. I know other demo doers will agree that the most often asked thing they hear is, "Are you the guys with the dog?"

Be that as it may, and recognizing Ashley for the phenomenon he is, we're betting that the normal two-legged disc player knows surprisingly little about the wonderful whippet for whom we'd launch a thousand discs.

Each question part is worth 5 points.

A. How old is Ashley?(within 1 year)
B. How many sons and daughters has he had?(within 5).
C. How many granddogs does he have? (within 3)
D. And how much does he weigh? (within 3 pounds)

DAILY DONUTS

GLAD WE DIDN'T ASK FOR RANK AND SERIAL NUMBER When Johnny Roberts checked on all the seniors' ages, he did not know he would get all the ages of a senior. Theo Cade, better known as Sunny, informed Johnny, "My being is eternal, I'm 38 in this body, physically I feel 18, my child-self is 4, and I have the wisdom of a 90-year-old sage." O.K. But how does he get all that in those little boxes marked "Age"? It must be fun applying for a driver's license.

COULDA, WOULDA, SHOULDA In New York, that's our reply to golfers who are complaining how they got robbed. Well, Al Bonopane wasn't complaining. But the golf gods certainly could have treated him better in yesterday's round. On his first three holes - 10, 11, and 12 - his drives hit the chains on two of them and missed by an inch on the third. Not bad except for one thing: he took 3's on all three. Coulda, woulda, shoulda.

YOU SHOULD HAVE SEEN THE ONE I HIT IN PRACTICE Those are perhaps John Kirkland's most often repeated words. But they really did apply to an MTA crank by Van Miller. Running almost all the way from the tent area to the far side of the field, Van caught up to an unbelievable towering MTA throw. There was a watch on it: 16.8 seconds! A world record if it had been for real. And he made the catch with his hand stretched over his head. What if he could have milked it?

Unfortunately, the wind gods had their revenge. Van's time in competition: 6.75 seconds. Van took it in stride. Just like the 16.8. Good attitude.

INDOOR MTA Monday's 10:30 PM staff meeting took about an hour. Seeing if they could speed up the process Tuesday night, Jim Powers put a stopwatch on the 10:30 discussion. Stork proceeded with few interruptions; so the meeting finished quickly, clocked at 22 minutes. Andy Borinstein quipped, "Yeah, that was a good MTA - Minimum Talk Allowed." You hadda be there. (The staff had to, anyway).

WHAT DAY IS THIS, ANYWAY? As we are sure you're well aware of, the WFC REVIEW staff has been burning the midnight oil (and the dawn oil) all week. We do appreciate your favorable comments - they help keep us going.

This is a donut dear to our hearts. Commenting on the all-night xerox service available, cartoonist Stephen Bentley said, "It's nice that we have 24-hour xeroxing this year." Retorted Mark Danna, "Yeah, but too bad we're making use of it."

PLENTY OF ZZZZZ's As you know from Wednesday's REVIEW, England's Les Bryant has been known to be getting his rest. Early mornings are tough; so Les decided to bypass the Distance prelims. But he did promise to make the morning golf round yesterday. Mark Danna woke him up, and sure enough, Les did play golf.

Later in the day, Mark asked Les,"How did the golf go?" Les replied, "I should have stayed in bed."

OPEN FREESTYLE SEMIFINAL ORDER It was "Pick your poison" during the semi-finalists meeting last night as teams chose both their pool and position in the pool. There is definitely strategy to the picks, and we'll see this morning how effective it is. Two mentions: Hubby and the All-Stars changed from #8 Playing First to #8 Judging First. Osborn/Herrick/Hendrix, picking 6th, actually got the opportunity to switch from #8 Playing First to #8 Judges First. For a better explanation of how the system works, talk to Pameri.

WAIT A MINI-UT, MINIAC! There were two mini playoffs on Wednesday evening. Alan Beaver, unable to participate, conceded mini Discathon to the winner of the Gregg Hosfeld-John Schiller battle.

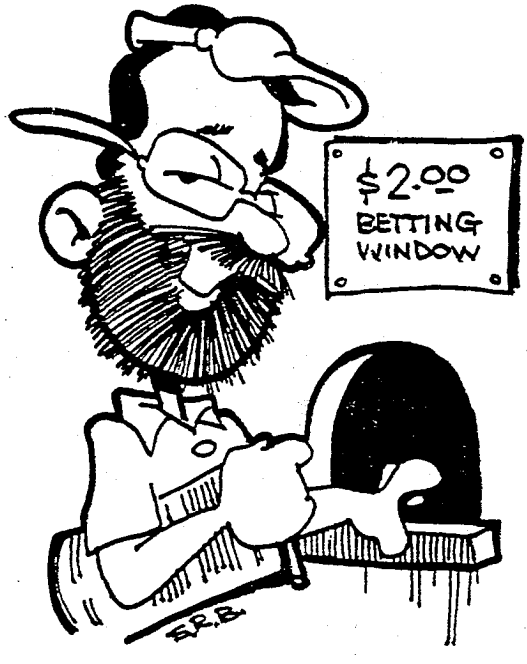
Gregg had a great first shot that cleared the first two mandatories. However, his overthrown third shot allowed John, playing easy shots, to run past the Miniac. A fine shot that Gregg blasted cleared two mandatories at once near the finish. Feeling the pressure John missed the finish gate. Gregg managed to put one through before John could recover, setting a course record of 1:28.

The 2nd playoff was "Around 9" putting using Gregg's miniature version of the DGA Pole Hole, which will be used today in mini golf.

Bill Burns, with a 32-31 lead after the prelims, extended the lead to 3 over Hosfeld, winning 47-44. In these finals, Bill, Gregg and Dan Mangone all had a difficult time from the longer playoff sites.

Mini freestyle was postponed, but stay tuned!

P.S. Tuesday night old man Monroe showed the Miniac just what mini MTA is all about, nailing a hooked thumber for an 8.5 second toss. Tom Kennedy popped a 5.95, and Gregg fell short with a 5.80. Watch out on Saturday!! Hosfeld has his sites on record times in the bowl.



"DON'T FORGET YOUR CASH FOR BETTING"
