Here are not only the results of the last two Pratt tourneys but a bit extra on the side. Airwaves hasn't published any Carl's results for a while (Editor's note: Or anything else for that matter!), the obvious reasons being that I haven't even bothered to compile such results until now. The primary reason that I provide these 'recent' results is that 'the Mose' became the first to win 3 cones all of different flavors and deserves to be recognized!!! In addition, he has tied the Carl's 2 round personal best of 102 (-6) along with John Munn (and probably Randy).

Please mention that the next Carl's Spring Already Open will be held on April 9th, or before the Virginia States Disc Tourney. Singles will be held that Saturday with a 10:00 am start.

Still trying to putt,
Duke & Bryan Stableford

W.F.D.F. News

New Distance Record!

The WFDF News reported that Peter Albers of the United States threw his Viper 193.58 meters at the W.F.D.F. World Flying Disc Championships. The measurement was made at the spot where it hit a fence! Randy Lahm said that the disc hit several feet up the fence. His throw broke Sam Ferran's longstanding mark of 190.07 meters.

A few days later, Niclas Bergehamm threw his Viper 197.38 meters. For the English measurement purists, that is approximately 647' 7". His throw was at the Swedisc Open.
