

Airwaves

March 1987

FROM THE EDITOR

Can you believe that it's almost that time of year again? Although it's hard enough to tell. Back home in Fairfax, there has been plenty of snow. Whereas here in Norfolk it has been rainy.

This issue was kind of a surprise to put together. At first I didn't know what to include. There were no tournaments which usually takes up a whole issue. I knew that I could include the PDGA point totals, but that took up only one page. I figured that world records would be nice so I wrote Wham-O. A week later (thanks to Amy Berard) the records came in along with a special surprise. Included with the package was The Disc of Year article. Now something was happening! Around that time, Joe Feidt sent the PDGA regional report. Little by little, small pieces of info arrived by mail. What was thought to be a one page newsletter turned out to be something well worth printing. Enjoy!!!  
...Dave

.....  
AIRWAVES-A Flying Disc Journal of the Mid-Atlantic Region  
4311 Alta Vista Dr., Fairfax, Va. 22030  
Published: March, May, July, September, and December  
Subscription Rate: \$5 a year (make checks payable to Dave Steger)  
Ad Rates: \$15 whole page, \$10 half page  
Special Thanks to our Contributors: Amy Berard of Wham-O, Joe Feidt, Scott Holter, Phil Pollack, and course descriptions from Carlton Howard and Norm Eckstein.  
Editor: Dave Steger

The following would be GREATLY APPRECIATED:

- Results - Please include ALL entrants including women and amateurs (they play too!)
- Articles - including MTA, DISTANCE, DDC, Accuracy, playing in a park, anything that relates to disc including Ul..Ult..Ultimate (where's the Mr. Pouce, Mary Wash stories?)
- Artwork - cartoons or cover pages

Professional Disc Golf Association Regional News

February 1987

## Australian Flying Disc Association

One of the things which amazes (and pleases) me most about Disc Golf is that it's becoming a worldwide phenomenon. We're playing it in N. America, Scandinavia, Europe, Japan, Australia, N. Zealand... Who have I forgotten? OK, so the Mongolian Golf Horde is kinda disorganized. But in sooooo many places in the world there are DG fanatics like us who play the same game, who get the same thrills when they crank out a long drive or sink a 60-foot putt. I wonder what Japanese golfers say or think when they make a long putt... Send me a picture of a far away course in a far away land. I'll try to include it in the Spring 'ish'.

## PDGA miscellaneous news:

Tim Geib and his Rules Committee are working on a rules revision. Most of their proposed changes are fairly minor in nature, but if enacted will noticeably improve the rules. Their goal is to get the changes approved quickly so that a revised '87 Rules Book can be printed before heavy play begins...

If you haven't yet voted, please do so ASAP. We should know the results sometime in March. By now you Regional Coordinators (RCs) should have finished scheduling with Pro Tour Coordinator Steve Wisecup. Please make sure you and your TDs understand the importance of following the 7 stipulations of the PDGA WORLD PRO TOUR AGREEMENT. We gotta standardize our tournaments so that there are as few (unpleasant) surprises as possible awaiting traveling players...

# VOTE!

## PDGA News From Around The World

• Mid-Atlantic (VA, WV, MD, DC, NC): Regional Coordinator (RC) Dave Steger has put together a hot schedule for '87. He lists 15 tournaments starting March 21, with a good possibility of major prize money at the Dogwood Crosstown Classic, March 28-29 in Raleigh, NC. He reports 2 new courses opened in '86: Cedarock Park in Burlington, NC; and Druid Hill Park in Baltimore. The Raleigh Area Disc League (RADL) hosted the N.C. State Championships back in Sept. Over 60 players from 8 states competed, and \$1330 was given out in addition to 5310 in discs. Both are records. Congrats, RADL! Dave says RADL is the hot club in the Mid-Atlantic; they have regular tournaments, meetings, & newsletters. The Northern Virginia Disc Union has been rejuvenated with new blood. The Freestate Flyers of Baltimore apparently will host the '87 Maryland State Championships...

• Southeast (FL, GA, SC, AL, MS): RC Tom Monroe is the only person in the world who — against all odds — accomplishes the nearly impossible: he cranks out a readable, accurate, informative, amusing newsletter month after month. His South Sailing Circular is still the best source of late-breaking golf news. The blow-by-blow descriptions of SE contests are lotsa fun. From the Circular: New SE course at Turkey Lake Park west of Orlando. Monroe staked it out and Chris Barley made the financial arrangements: Allen Risley planted 9 plastic chain holes at Florida State Univ.; John David and Tim Geib designed a 9-hole in Chastain Park in the NE Atlanta. They moved the old course into a better area for play...

#33 has put together another excellent regional schedule for '87 starting 1/31 at Turkey Lake and 2/21 at Rockledge... The "Monrobie", has gone back to the drawing boards for improvements. According to Tom, "The Cruiser from Discraft must be thrown to be believed. When it's new it will go farther than the P-38. After it's worn, it turns over big time." Anybody out there throw the Long Ranger from Destiny? The man to beat in the SE in '87 looks like Steve "the Staz" Slasor. In 2 recent tournaments, the veteran disc dunker edged out John Andrews by the sweet, thin margin of 1 throw... PDGA Rookie-of-the-Year honors go to Garry Augustine, Sarasota. He finished in the top 10 in all the tournaments he entered and took 1st in Best Shot Pairs in Charlotte. Nice going, Garry!

• Missouri-Iowa: Rick Rothstein, who is a candidate for Communications & RC, has apparently buried Columbia Disc Golf News. He plans to replace it with Disc Golf World News, premiere ish due out in March. Check out his new address on P. 2. In the latest CDGN Regional Round-up, D.L. Redman reports that Iowa has scheduled 4 PDGA events for '87. He thinks the My Waterloo Days tourney May 31 may be the best one.

Continued on page 2...

Continued from page 1 . . .

The quest for a new course in St. Louis continues. The best possible site may be James M. McDonnell Park . . . RC candidate Tom Cremer is the leader of the IDGC and publishes the IDGC News (115 Marianna, Otumwa, Iowa 52501 \$5/yr). He reports heavy-duty DG activity this year in the Hawkeye State: Des Moines Area Disc Golf League, Black Hawk Metro Disc Golf League in Waterloo. Neal story "A 7-course Meal" by Bob Kramer in latest IDGCN. He describes a day last June when he drove 277 mi. & plays 7 diff. courses in Iowa. Burp . . . Ahhh!

\* Midwest (IL, MN, IN, WI, OH, MI) RC Alan Pier says the Circus City gang just bought 6 walkie talkies for their upcoming World Cup Circus City Open June 20-21. This should be one of the season's hottest tournaments with expectations of 100 or more pros. Guaranteed purse of at least \$2000 with top men & women pros winning polo holes! Great trophies, too. Peruvians will be collecting an extra \$1 to add to the Midwest Regional Championships (date unknown), and they're putting together a \$100 prize for the first ace at PDGA Worlds in Toronto. The club is hot . . .

\* Canadian RC Bob Harris has assembled the Can-Am Series II, a series of 11 tournaments in the US & Can. You can use your best 8 tournaments and throw out your worst 3. In '86, 375 players entered; this year should be bigger and better according to Bob. Can-Am II tees off April 26 at Pinafore Park, St. Thomas, Ontario. It concludes Oct. 4 at Centennial Park, Etobikoko, Ont. at Phil Palumbo's Fall Classic V. Also, Bob & friends host Canadian World Cup at St. Thomas, Ontario July 4-5.

\* Switzerland: RC Paul Franz reports that PDGA Switzerland will be very closely associated with the Swiss Flying Disc Association, but will not be involved directly with the duties of the Association. He'd like to see the majority of Swiss golfers as amateurs with the top 20 or so earning pro status. The recent Green's Disc Golf Open was a success and was a PDGA qualifier for '87. Judging from a diagram Paul sent, SFDA and PDGA Switzerland appear to be extremely well organized and poised for growth this year.

\* Denmark: RC Per Kronvold has been busy preparing for the Danish PDGA Pro Tour 1987. Besides a full schedule of PDGA events, Per & friends will host one of the World Cup events in Horsens, Aug. 7-9. He designed a logo which is one of the best I've seen in a long time. It's the hot stamp on a limited run (50) of XDs. These are rare birds indeed.

The first 2 stops on the Danish Pro Tour '87 are history: Martin "The Traveller" Frederiksen won both the Westwind Tournament in Varde & another in Horsens. "It was obvious for all to see that Martin had been in training camp in the USA this summer . . . At this time the big Q is: who is going to stop him?" A bank in Esbjerg, Studiet, was the official sponsor at a tourney in Dec. Other news: '86 Danish PDGA player-of-the-year went to Nils Ole Dalby #3284. He excelled in overall DG play as well as winning European Distance & Accuracy titles. '86 Danish rookie-of-the-year award to Holger Vestergaard #3282 who was the hottest name among the new players. "Everybody is looking forward to see how Holger will be playing in '87, word is he is going to be tough to beat." As well as doing the layout and design for Disc Golf Magazine, Per publishes PDGA nyt, a newsletter in Danish for Danish golfers. This guy's incredible! (Incidentally, Vol. III, No. 4 of DGM has a fabulous cover shot of Sandra Bosche of Arkansas taken by Art Meripol.) If you're not getting DGM, you're missing something. . . Martin Frederiksen, chief mover and shaker of the World Cup and editor of DGM reports that the '87 European World Cup schedule is finalized: Stockholm, Aug. 1-2; Helsingborg, Aug. 4-5; Horsens Aug. 7-9; and Hamburg, Aug. 13-15. Estimated total prize money (all 4 events): \$30,000 or more. Registration deadline

(continued up there)

is June 1 or 180 entrants, whichever comes first. Martin is arranging roundtrip tickets for \$526 with a travel agency. They'll kick in 10% to the purse.

Martin writes: "My personal goal with these events are to change the standards for major tournaments. In Horsens you will find 35 officials and the course is so difficult we will take an extra day to play the tournament . . . we will have commercial banners on 12 holes and 2 professional photographers to cover the event as well as interested newspaper & TV coverage. If we have a more serious and professional approach to running the majors, we will be able to increase prize money by at least 400% in 5 years." Amen, brother. North American World Cup events: Southern Cal., June 13-14; Peru, IN, June 20-21; St. Thomas, Ontario July 4-5; & Ft. Collins, CO, Aug. 16-22 (tentative).

Latest Disc Golf News (Bruce Cunningham, 2331 Hazelwood Ave., Ft. Wayne, IN 46805) is much improved. Good interview with Steve Wisecup and hot centerfold photos. Looks like our communications problems may be history. Well done, guys!

Other Stuff . . . Anybody watching the America's Cup? I'm addicted. Just received Australian Delay, the newsletter of the Australian Flying Disc Association. Item: "The Western AFDA held a champagne breakfast for its members and friends on Sunday, Sept. 14 at the early hour of 7:30 am. A good attendance was recorded and by all accounts a great morning. One of the highlights was the cheapest champagne competition won by Fred Ferrante for his Generic 99¢ champagne and the approx 12 metre cork 'pop' distance held by Maurice Cinquim." Bodacious. . . Australia/New Zealand may be the next PDGA region. I wrote them recently and am waiting to hear back. Lots of DG action Down Under so let's bring 'em into the fold . . . We're waiting to hear from the Netherlands, Great Britain, Germany, and Norway. If you think your country (or group of countries) should become a PDGA region, send me a letter stating your reasons.

The PDGA Regional Report is sent quarterly to all PDGA Regional Coordinators, Directors & committee chairpersons, newsletters & other assorted nabobs in the DG world. My aim is to keep our RCs & Directors (and others) informed as to what's shakin' in the PDGA regions. Please feel free to make copies and pass them out to your course pros, golfing buddies, club members etc. If you publish a newsletter, you're welcome to reprint anything herein. My sources are reports sent by RCs, so keep them coming in at least once a quarter. I digest info. from several DG publications, so thanks for keeping me on your mailing lists too. Deadline for the Spring ish is April 1. Little by little we're opening up the lines of communication; let's keep it up. That's it for now, keep those cards and letters coming! ©1987 No rights reserved!

## MID-ATLANTIC PDGA POINT TOTALS

These point totals are for qualification for the 1987 World Championships in Toronto. The points are for this region only. Other points may have been earned outside of the region. Last year it took 30 points to qualify. Sorry, the Women's records are very incomplete and is unavailable at this time.

FOR IMMEDIATE RELEASE

For the seventh year Wham-O Inc. has selected a club disc to be honored as Disc of the Year in recognition of excellence in the unique, kinetic medium of disc art. Past winners of the award include:

- \* Santa Barbara Condors - Gary Chafe
- \* Valley of the Sun - Craig Cheply
- \* Central States - Jay Doty
- \* Zee Truth - Mark Kudarauskas
- \* Southern Regional Championships - Woody Blackwell
- \* Twin Dragons (Japan) Naomi Enami

Each year the hotstamp art submitted by clubs gets better and better and this year's designers produced a large number of strong candidates for the award. Last year, for example, we were able to narrow down the choices to 22 designs. This year we chose 36 designs, all which we felt deserved recognition in the Disc of the Year Contest. With so many entries it made it tough to decide which was the best. Our panel of judges, which were from all the departments that processed the club orders, decided the winner after three rounds of voting. The winner of the 1986 Disc of the Year Contest was the 1986 Northeast Regionals Disc from Purchase, New York. The design was submitted by Kevin Cande and the artist is Shelly Simon. As in the past, a special run of 100 clear 165G discs will be given to the club and artist as a collector's commemoration of their award. For information on obtaining these discs contact:

Kevin Cande  
1852 Old Country Road  
Riverhead, NY 11901

Discs that finished as the honorable mentions were:

- \* 7th Annual Centex - Jeremy Dack
- \* Western Regional Championships, Corvallis Oregon  
- Hillary Egna

- \* Arizona Plastic Surgeons New Years Fest - Craig Cheply
- \* World Peace - Peggy Stanton & Ron Kaufman

The thirty one remaining eligible entries were:

- \* April Fools - Eric Knudsen & Teri Oshima
- \* Boston Area Corp. Ultimate - David Feer
- \* Condors, Womens Ultimate - (Unknown)
- \* Dartmouth Ultimate - Abel
- \* Flying Circus - (Unknown)
- \* Harvard Ultimate, Aerogents - Bob Chen
- \* M.I.T. 1986 - Frank Revi
- \* Neitzsch Factor - Bill Wehrli & Frank Steinfield
- \* 1986 Cal. State Ultimate Championships - Joal Morris
- \* 1986 FPA Tour - Bill Wright
- \* 1986 Mid-Atlantic Ultimate Championships - Andrew Preiss
- \* 1986 Midwest Regional Ultimate Championships - Dave Buchholz
- \* 1986 National Collegiate Ultimate Tournament - Dawn Sides
- \* 1986 Ultimate Fools - Mark Cerney
- \* 1986 UPA National Championships, Houston Texas - Shelley Scoggins
- \* Northern California Ultimate League - M. Abbey
- \* Oregon Ultimate - Dave Cunningham
- \* Perihelion Passage Tournament - Kurt Fleischer
- \* Saint Louis Ultimate Classic 1986 - T. Hackary
- \* Science Ultimate - (Unknown)
- \* 10th Virginia State Frisbee disc Championships - Paul Hobson
- \* Texas Shoot Out - (Unknown)
- \* U.F.O. Invitational - Susan Prather
- \* U.P.A. Easterns - (Unknown)
- \* University of Virginia Ultimate - (Unknown)
- \* William Paterson College Frisbee Pie-In-Airs - Art Wolfarth
- \* Worcester Polytechnic Institute - (Unknown)
- \* World Peace Tour, Pocket Pro - Peggy Stanton & Ron Kaufman

\* World Seniors Flying disc Championships - (Unknown)  
 \* Zoo Disc, 1986 National Collegiate Ultimate - (Unknown)

ACCURACY:

Class One Men: 11/28 John Ballsrud (USA), 7/19/80, Minneapolis, MN

NEWS NEWS NEWS NEWS NEWS NEWS NEWS NEWS NEWS NEWS NEWS NEWS NEWS NEWS NEWS NEWS NEWS

#### THE NEW DISCS FOR THE 1987 SEASON

- \* Lightening Discs recently introduced The Falcon. It is the final retooling of the Thunderbolt. The disc has a thicker rim for more stability and is made with a stiffer plastic than the previous Thunderbolts. 1001 were made in the first run.
- \* Champion-Innova Discs introduced The Ace. It is a hybrid of the XD and Coupe discs. Guaranteed unbreakable, this disc has a slight fade characteristic reminiscent of the Eagle.
- \* Destiny Discs changed the name of their company to Dynamic Disc. The makers of the Super Puppy are producing a new long distance disc called (I love these new names!) The Long Ranger.
- \* Wham-O is soon to be producing the 91 mold Frisbee. With design help from Champion-Innova's Dave Dunipace, this disc is expected to be competitive with all the other long distance discs.

#### MORE NEWS !!!

- \* The latest issue of DISC SPORTS MAGAZINE reports that Ed Headrick is selling his DGA company. Hope to have more news on this shocker later.
- \* Rick Rothstein's COLUMBIA DISC GOLF NEWS has been changed to DISC GOLF WORLD NEWS. The reason is that the Columbia Parks department will no longer be involved in the printing. WORLD NEWS has about the most extensive Disc Golf information around. Check it out!
- \* A challenge board will be going up at Burke Lake soon. The NVDU/VFDA will be sponsoring it. It should be an instant success. The ace pot is now up to \$72.50!!!

#### NEW COURSE UPDATES

- \*Carlton Howard reports that the Cedarock course in Burlington is 4500 feet long. This Howard designed course is located in a beautiful historic park that was originally settled by immigrant Scottish shepards! With plenty of open pastures, this course has six Pole Holes and the rest objects. The tee pads and tee signs are up and more Pole Holes are already on the way!
- \*Druid Hill Park's course was installed during the month of November. Norm Eckstein wrote to say that the course is 4504 feet long and uses Mach II Pole Holes. The course features rolling hills with the holes protected by well established trees. Designed by Michael Conger, Steve Alpern, Dave Griffin, and Norm; the course is sponsored by the Freestate Flyers and Baltimore City Department of Parks and Recreation.
