BG DISC MEMBERS IN THE NEWS

Ralph Beckman won his first Open Div title away from home, by taking the Centennial Park Farewell Tourney.....*Mark Stottlemyer* came in 4th with a top score in the second round worth $32.....*Dr Rick* won the Masters Div at the Mid-America Open for $250.....*Sylvia Voakes* came in 4th at the Mid-America..... *Dr Rick* tied for first, but lost the playoff to Bob Ryan in Joliet last weekend.....*Sylvia* won two wooden disc trophies: 2nd place and closest-to-hole at the Joliet Open.....have you noticed how wooden discs are the IN trophy of 1988? Those given in Columbia (Mid-America) and Joliet were truly outstanding quality workmanship!

TIPS FROM DR RICK

1. Carry a small piece of 400 grade sandpaper in your bag, for repair of rough gouges or scraped areas on your discs. This is perfectly legal and is not considered to be an "altering of the disc". It actually does NOT alter the flight of the disc. The reason for maintaining smooth discs is to keep the feel of the disc consistent in your hand, and to prevent injury to your hand.

2. Use a limited number of discs, say half a dozen, for a few days before a tournament, so that you get used to these and know exactly what their flight characteristics are. It's amazing how quickly I forget what a certain disc does after not using it for a few weeks.

3. Carry a few "turn-over" discs for left-to-right curves (right-handers). For radical left-to-right, DON'T use a turn-over disc: it will ROLL! Use a stable disc, such as a relatively new roc or hammer, and it will "plane out" or flatten its flight as it carries out to the right.
