BG Disc

Bowling Green Parks and Recreation Dept

Club Director: Karen Singleton

Course Pro: Dr Rick Voakes DECEMBER 1988

New Disc Golf Course for Bowling Green!

A nine hole course has now been installed at Griffin Park, designed by Dr Rick and Sylvia Voakes. The tee signs were installed by Rick, Sylvia and Chesley and Liz Kemp. The course is short (1400 feet), but very challenging with dramatic elevation changes, water hazards, and lots and lots of trees! So far, most of the pros are shooting OVER their scores at Kereiakes! Will someone please wade into the creek and get Mitch's discs back for him?

There will be an Inaugural Tournament Saturday December 17. Twenty-seven holes, starting at 1 pm. The ace pool will be up for grabs, so this will truly be an "ace fest"!! Incidently, Wendell Yokley gets credit for the first ace (hole #4), during a practice round. Who will be the first to ace under tournament conditions?? Odds-on favorite has to be the "ace-man" Bob Beach, who just added another to his monstrous collection of aces, by SKIPPING one in, hole #4 at Kereiakes.

BG Disc Storms Otter Creek

Rick Feiler took the individual trophy, shooting 16 under for two rounds in the November Otter Creek Tournament. Al Schack was hot on his heels at 13 under, and course pro Bob Elliott came in third at 9 under. Ron Lafferty took the Advanced Division, shooting 4 under. Tom Stewart won the Amateur Division.

Then came the REAL MATCH: best shot six-man teams, BG Disc vs Otter Creek. As darkness settled in on the muddy course, BG Disc emerged victorious by 2 strokes! Winning Team: Al Schack, Jim Weeks, Steve Newton, Wendell Yokley, Ron Lafferty, and Brian Stewart. Congratulations, guys!!

Next Otter Creek Tourney: December 10, starting at 11 am EST, random draw doubles, $5 per player. Ace pool is on the line: $67 + entries.

Smokey Mountain Ice Bowl

A regional effort, the 1989 Ice Bowl will inaugurate the new Seven Oaks course in Nashville. Save the date: January 15, 1989 (Sunday). Details will be forthcoming from Tournament Director Ken Folger.
