## Returning . . .

A first happened last year for the BG Disc golfer. Tuesday Tournies were formed. Giving a player of any level, more of an organized time to practice with other players, and talk about the sport that they all enjoy playing and learning. It also gave the Club a chance raise money for renovating the poles holes at Kereiakes Park. October saw completion of this project.

WHAT A DIFFERENCE, TOO !!!

Starting May 1st and going on in December, BG Discs' Tuesday Tourni return. This time with a twist.

The course location will altern each week starting at Kereiakes P then to Hobson Grove,then Basil Griffin Park(aka:Three Springs), back to Kereiakes Park, finally finishing out the month at Hobson Grove.

Every tuesday proptly at 5:30pm, unless posted otherwise, flights will be formed for a round of Disc Golf.

The $3.00 entry will bring lots enjoyment and entertainment to you, along with very needed funds for this year's focus on Hobson Grove.

The Club's project this year is to replace the remaining 15 pole holes with the new MACH III poles holes, like those already at holes one,two,and three. With the help and generosity of the Bowling Green City Parks & Recreation we look at being able to complete this in three years. HOPEFULLY !!! BGN

## FLORIDA TRIPLE CROWN

This was the most successful Triple Crown yet, boasting a full field of 90 pros at the beautiful Barnett course, and again at Clearwater. Over $1800 in bonus money was awarded to the over all Triple Crown finishers.

In Orlando, Sylvia Voakes came out strong, but fell to second after Joanne Gallagher shot a hot final edging her out by a mere three strokes. With high winds,Sylvia captured second place at tough Rockledge course, by winning a sudden death playoff verses Mina Cordiero. At Clearwater she finished in third, and tying Mina for second in overall scoring.

Orlando and Clearwater were the hot spots for Dr. Rick. Landing in third

place after a hot third round at eight under par. Struggling at the windy Rockledge course, he fell to eighth. Then at Clearwater, after a slow start, he ended with about a 60 foot putt on the last hole to take second place away from a charging Craig Gangloff. Greg had deuced the first nine holes in a row!!!

This qualified Dr.Rick for the final round. Competing with Kenny Climo, David Greenwell (another KY perennial) and Jim Akins. Kenny easily took first on his home course. The others battled back and forth, eventually Dr.Rick and Dave tied for second, with Jim Akins just one stroke behide. BGN
