FLORIDA DISC GOLF ASSOCIATION

VOLUME XI

NEWSLETTER

PRICE \$3.00

Editor: Michelle Chelette - 407/242-0838

Coeditor: Bob Lewis

Hello! You will notice that this newsletter is late and does not contain our usual amount of information. First of all I would like to apologize, but this could not be helped due to circumstances beyond our control. Secondly, our postal service stole (it's probably sitting in a bag in Russia) our precious information sent to me from Dave Elliott and probably will never to be seen again. So, the next newsletter will be back to normal.

Also, enclosed is the Florida Disc Golf Association Constitution which we are asking you to vote for or against it. Please read it carefully and vote. Remember...it's your club!

Sincerely,

Michelle Chelette

ATTENTION ALL NIGHT OWLS

Disc Golf is alive and well in Fort Lauderdale as members of the Fort Lauderdale Disc Golf Club invite any and all disc golfers to come fly with us at Tradewinds Park, located one quarter mile west of the Florida Turnpike on Sample Road (south side of the park).

Tradewinds Park features eleven Mach III baskets, the first of which was donated by Mike and Gloria Newman just eight months ago. Since then, local enthusiasts have added ten more baskets to the challenging course and will not rest until Mach III's reside on every hole.

The FLDGC's Night Owl League meets every Tuesday night on the first tee (just west of Butterfly World). Players meeting is at 5:45, league play begins promptly at 6:00pm. First, second and third Tuesdays are random draw doubles nights. The last Tuesday night owl league of every month is handicapped singles night.

Come join us for fun in flight and see if you can be the one to take home the night owl and perhaps \$100.00 from our ace fund.

I would like this opportunity to thank the F.D.G.A. for funding the course in Ocoee. And a special thanks to Dan Fryer, Mick Barnes, Chris Anderson, William Nicholson and Darrell Sullivan for giving up their free time to install the course.

The course is more challenging than I envisioned it would be and the posts will defiantly sharpen your putting game.

This is a perfect example of what the F.D.G.A. is all about and I urge all members and golfers to get involved in the club activities.

Steve Hall
 F.G.D.A. Vice President

P.S. Wickham Park is now just three baskets short of a full course thanks to a few local golfers. The Discalibur Golf Club, headed by King Billy Holtz I, pooled together their own money with funds raised through Sunday handicaps to make hole #17 a reality.

Please note that if you have anything you would like to appear in the newsletter, please mail it to:
