Let's play GUTS. It's less than a month before the first Mid-West tournament and the guys on the East coast have played their first one. On the other page is a glance at the starting line up of major GUTS tournaments. Look forward to receiving more information on the 38th I.F.T.. A new place, a new sponsor, OLD MILWAUKEE, should make for one GREAT time. Make sure have enough time to visit the GUTS FRISBEE Hall of Fame in lake Linden. Dates of other tournaments will be printed in the next newsletter. There is talk of bring back a 5 man World Club Championship towards the end of the year.

Do you have a computer at home or work? The local newspaper, The Lansing Journal, has a on line messaging bulletin. To get online set your modem up to 14,400 baud, 8 bit word parity, 1 stop bit. Modem dial 337-1253. It will be a long distance call for you if you are out of the Lansing area. You have to dial 517. Once you first logon, you will have to establish yourself in the system. There is many bulletins to choose from, but if you would like to leave me message. Go to the general discussion and leave a message to me, Thomas Marusich, just to help the spellin of my name.

You may also get of hold of dennis wally walikainen if you have access to internet. Isn't small world after all.

UNTIL next nensletter, I hope to see your face across the LINE. Long live GUTS.
