LETTER FROM THE EDITOR

The big event that all should attend this month is the Frisbee/ Hacky Sack Festival in Fairmount Park on June 21. The T- shirts this year are very nice, unlike the old yellow ones with all the midgets on them. Philly's best radio station, WMMR, is helping the club to host this year's festival, ensuring a great turnout of spectators. We hope the weather cooperates.

OCTAD was a gas, as usual, even though I tried my hardest to go to the hospital. When someone yells "fore!", do not turn around- Duck! Please see complete OCTAD results in this issue. Congratulations are in order to Peter DeRaymond who won the overall at OCTAD and a week later set the tournament course record at Brandywine Creek.

If this issue seems a bit short of articles, it's because I didn't receive many- SEND ARTICLES, PLEASE! WSW

HACKY SACK and FRISBEE FESTIVAL

IT'S FUN TO PLAY!

Be a Festival Instructor!
Bring your friends
Get a FREE T-Shirt!

WHAT DOES AN INSTRUCTOR DO?

Instructors teach basic and intermediate skills to the public. Two, one-hour "playshops" are scheduled during the day. The public will play with you to learn new Frisbee and Hacky Sack skills. Share your enthusiasm at the Festival. Be a Volunteer Instructor!

AM I GOOD ENOUGH TO BE AN INSTRUCTOR?

Yes! If you can teach another person to throw or kick at the beginning level, then you can be an Instructor. Do you love to share your energy and enthusiasm with others? Do you want to have a great day in the sunshine? Do you want to enjoy the day and help others enjoy the day too? Then join us as an Instructor.

YOU GET A FREE T-SHIRT

Every Instructor gets a FREE t-shirt — our way of saying thank you for making the Festival a success. Be sure to come in time for the **11:00 Instructor's Meeting.** We will tell you about the schedule and the afternoon of FUN!

HOW DO I SIGN UP?

Give the Festival Coordinator a call to confirm the date and site. Let them know you'll be there. Tell your friends about the Festival. They can all be Instructors too. Come to the Festival and bring your friends!

(NOTE: "Last Minute" Instructors are welcome. Come to the 11:00 meeting the day of the Festival and you're in.)

CAN I DO MORE?

Yes! The Festival schedule includes three hours of Frisbee and Hacky Sack demonstrations. Show off your skills! Volunteer demonstrators are needed for all Frisbee and Hacky Sack skills. If you are good and "want to show it" let us know! Be sure to call the Festival Coordinator in advance to volunteer your services as a demonstrator so they can set up the schedule.

REMEMBER: INSTRUCTOR'S MEETING AT 11:00 A.M.

EVERYBODY COME OUT AND PLAY!

LETTER TO THE EDITOR

Dear Shannon,

The PAFC Newsletter is an outstanding publication, and a wonderful offering to all disc players in and around Philadelphia! I am impressed with its contents, both informative and entertaining, and the apparent cooperative effort of the Newsletter/Club. Even though I am quite actively involved with Disc Golf here in Florida (Editor of the "Florida Disc Golf Journal"), I learned of several newsworthy items. Here's my $5, keep up the good work...and PAFC members, don't let a good thing go unnoticed.

I was fortunate in receiving the four latest issues of the PAFC Newsletter after coresponding with RIchard Hughes, in regards to his apparent success with Disc Golf and the Delaware Parks Dept. Rich informed me of the mailing campaigns along with other ideas (ie. the course leasing plan), which are sure to have a positive effect on the growth and development of our sport. As a matter of fact, I recently volunteered to activate the PDGA Education Committee, which is now searching for any and every idea that may contribute to the development and enjjoyment of Disc Golf and the association. The ideas will be compiled in an appropriate manner and will be available to members for reference and/or use in their situation. The immediate concerns are: 1) Ways and means of establishing courses in public parks., 2) Tournament Director's packages with format ideas, publicity ideas, PDGA event posters & repoort forms, etc., 3) PDGA RULEBOOK, 4) PDGA Player's manual- promotional.

With that, I request permission to use "A Few Ideas to Help DIsc Golf" by Shannon Winn and "The Philadelphia System" by Jim Powers, out of PAFC Vol 10, No 1, "Delaware's Golf Phenomenon" by Shannon Winn, and "Freestyle Discs- An Opinionated Overview" also by yourself, out of PAFC Vol 9, No 5. The first three for the Education Committee and the last two for my own league newsletter- Florida Disc Golf Journal. I will be happy to exchange articles and information as they are available. I have included the latest issue of FDGJ with this letter...the next edition will be out May 1st.

Please send any kind of information on Disc sports or related subjects that might help the Education Committee...which will in turn help players everywhere! I certainly appreciate your involvement and efforts in Disc Sports! May your discs not miss in '86!

Fantastic Flights,

FAKE NAILS

by Shannon Winn

One of the most common questions asked by curious park & beach denizens of freestylers is "What''s that on your finger?" You show them. Reactions range from grimaces of revulsion to self-satisfied announcements like "I knew there was a trick to it!" The questioner then goes back to his or her blanket, sometimes shaking his or her head in wonderment at the oddball Frisbee players who are obsessed enough to go as far as glueing bits of plastic to their persons in order to better persue their art.

Gosh that was a long sentence.

Fake fingernails are not for everyone, but if you are serious about Freestyle, they help a great deal. Almost every top freestyler uses them. They are NOT the "trick" though. If you can't delay a disc with your natural fingernail, you won''t fare any better with a fake one, unless your problem stems from extremely short real nails. I recommend learning the basic center-balance delay with your real nail. Freestyle cured me of a lifelong fingernail-biting habit, by the way.

You gotta be dedicated though, because fake fingernail use entails a few problems, not the least of which is purchasing the damn things in the first place. The bimbo at the check-out counter is apt to give you a rather strange look when you plunk down three packs of ladies' fingernails and a tube of krazy Glue. Wearing pastels and affecting a lisp may help. Don't bother with the "They're for Frisbee, I swear." She'll just nod knowingly. If the bag boy offers to help you carry your purchase to the car, punch him out. Best to send a girl in for them, and to buy the entire stock at once, thereby saving embarrassment for the rest of the summer.

Welcome to the wonderful world of Freestyle.

O.k., now you've got your nails. You'll need several other tools to manufacture suitable 'styling nails. Your glue, of course- The old Krazy Glue in the small tube is still the best; avoid the newer "pen" type dispenser, as it is sure to clog hopelessly before you use even half of the glue inside. A good file, perhaps some fine sandpaper, and a disc you don't care much about to hold the entire mess. I like to make my nails while in bed. Ramones music is good accompaniment to proper fake nail fashioning.

First, take the nails from the pack and discard the glue that comes with them. It is useless, except for sniffing, and glue is not a good mind-altering substance for top performance. Next, find the right sized nails for your index fingers. Glue two of them together, pressing hard. Most store-bought nails are far too flimsy to allow you to use only one. Doubles are best, and some folks even use triples. Krazy Glue will seep out the sides, glueing your fingers to the nails. This is unavoidable. After the glue has dried, (twenty seconds should be about right) gently pull your nail from the flesh. The excess glue on your fingers will be easily peeled away after several minutes, so don't worry about it. One of cyanoacrylate's idiosyncracies is that "one drop holds a ton" but three won't, so be sparing with the glue. Less is best.

Now you are ready to begin shaping the nail with file and sandpaper. Round the edges so they don't dig into your new Sky Styler. Polish the tips by rubbing them rapidly but gently against a moderaly coarse material like the leg of your jeans. Fill in any gaps between the nails with Krazy Glue, and repeat the polishing step.(Wait til the glue has dried, moron, or you'll ruin your Levis. Krazy Glue DOES NOT WASH OUT! If you get some on your clothing, you will have a hard patch of glue there FOREVER.)

I used to wear my nails all the time, when I was younger and dumber, but you will probably want to take yours off for dinners with the boss and the like, so before glueing them on, apply a single coat of clear nail polish to your real nail. Let it dry. This way, when you pull them off, they will not take along a layer of your real nail, just the polish. Again, be sparing with the glue, and press hard, squeezing the excess liquid out the edges. Repeated use of the same set of nails is recommended, as a layer of glue and polish builds up, making the nail more rigid, and easier to apply. They come off more readily if you pry them off in the shower.

You may find that the benefits are not worth the hassles; if so, you are not the first. If you do decide that the control and versatilty that fake nails add to your Freestyle are worth the time and humiliation, I wish you luck. I take clock. WSW

NEWS AND RUMORS

--Innova Champion Discs of San Marino, CA have recently introduced two new discs, niether of which are golf discs. The Apple is a fine new Ultimate only disc, with very pronounced flight rings, and a sloping shoulder. An unfortunate sprue configuration on the underside prevents the Apple from being a Freestyle disc, but it comes in the nicest colors available today. The other disc is a mini, shaped like an Aero.

--Delaware Golfers can look forward to more tournaments patterened after the PAFC format next season, a welcome change from the novice-type meets presently being held in the Diamond State.

--Many people who normally do not receive this publication will be getting a copy of this issue, in preparation for the upcoming Frisbee Festival in Fairmount Park on June 21. Please subscribe to this Newsletter.

--There may be a two-day overall meet this fall in Allentown. The site proposed is the Cedar Beach area of the Lehigh Parkway- one of the most perfect sites ever. More on this in the next issue. WSW

NEW DGA DISC FOR '86

SUPERDRIVE™

Walk softly and carry a big disc. Bigger is better! 23.5 cm streamliner. Maximum weight 195 grams. Available from 165 to 195 grams. This disc goes where you aim it in almost any wind conditions. Really a super driver!

SOFTAPPROACH™

Approach with confidence. 23.5 cm standard design. Available from 136 to 195 grams. Stable in all wind conditions. Lands like a parachute. A "must" disc for the beginner.

POWERDRIVE™

One of the best distance discs available! 21.5 cm streamliner. Available 160 to 174 grams. Maximum control, maximum distance. Put some power in your drive!

PUTTERDRIVE™

A putter and mid-range driver combined! 21 cm, 160 to 174 grams. An all-purpose disc that loves the Mach II hole. New streamlined rim adds performance. If you're missing putts try ours.

GUMBPUTT™

Back by popular demand! 21 cm, 160 to 174 grams. This disc is so rubbery it will erase your score. If it touches chain, it's in! Feels the same wet or dry. The only putter with Chain Stickum

All discs are made of the highest quality unbreakable plastic available and feature the sure grip of the new Lines of Headrick.

divisions.

C. Novice tournaments are 1 round of 18 (two rounds of 9) using handicapped scoring system and are held only in the state of Delaware. Sequential starts, fees- 2-4$.

The following objectives were established for the TSFC/PAFC Newsletter:

A) Publish a contact sheet listing name and phone # for each supporting organization.

B) Publish a Tri State Map noting locations of all disc golf courses and major Ultimate team fields.

C) Establish editors for each member organization of the TSFC and publish 1/2 to full page for each member organization per issue.

The following financial areas were discussed:

A) Expenses- Newsletter, Tournaments, Mail/phone costs.

B) Revenue- Tournament fees, Disc sales, Ads, Sponsors.

After extended discussion, it was decided that the TSFC logo will be used only by the TSFC main body, and not by the individual member groups. The TSFC hopes to make the logo available to the member groups as soon as a payment schedule is established. The TSFC will use the logo to create revenue by selling golf discs imprinted with the logo. It was agreed that 1$ from each PDGa entrance fee will go to cover Newsletter expenses. Fees collected at Pro/Ams will be controlled by hosting organization.

The upcoming Frisbee/Hacky Sack festival was discussed. Individual responsibilities were reviewed. The importance of contacting members of each group was stressed to get a strong instructor turnout. The festival willt ake place on Sat., June 21, raindate Sun., June 22. If the festival is held as planned on Saturday, there will be a free, informal Z6olf tournament on Sunday at Sedgely. The first 100 instuctor/staff people showing up will receive a festival T-shirt. It was stressed that instructors do not have to be expert players. Novice players are encouraged to be Festival instructors. This issue contains information on the Frisbee/HS festival.

WMMR, 93.3 FM will be promoting the event. Sixty second radio spots will be aired on WMMR at these times-

June 19- 3-8, 8-12.

June 20- 3-8, 8-12, 12-3AM.

June 21- 8-10AM.

Tune into WMMR and hear about the Frisbee/HS Festival.

The new VJ on MTV from England, Julie Brown, will attend the Festival and help out as MC. TV ads promoting the event will be aired on MTV starting June 14.

the Gaines Cycle ashley Whippet Mid-Atlantic Regional will be held the morning of the Festival at the same site. The K9 competition will be 9-12. The top three DOGS will advance to the finals at the PHILLIES game (and catch better than some of the Phillies) sunday night. JP

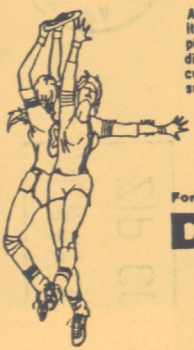
THE ULTIMATE FOR ULTIMATE



A few years ago when we first introduced the 175-Gram ULTRA-STAR™ Sportdisc™ it was the first real alternative disc for ultimate play. Some of the world's best players found the original ULTRA-STAR™ superior to the standard ultimate disc. But for us, some isn't good enough. So, we listened closely to all the comments and criticisms and after months of redesign and retooling, the result is the NEW ULTRA-STAR™ SPORTDISC™. The Word Is Out! Pass It On!

A NEW STANDARD FOR ULTIMATE COMPETITION.
