Letter from the President: Jim Powers

Welcome to Spring Time 1987. The TSFC has a full slate of flying disc activities to enjoy this year, see the COMING UP section of this newsletter for full details.

The site for this years OCTAD 87 has been changed to Warwick Park (Chester County) due to last minute problems with the Allentown, PA site. A full page of OCTAD information is included in this newsletter. A special planning meeting for the OCTAD 87 event will be held following the May 2, 1987 disc golf tournament at Sedgely Woods, Philadelphia, PA. (Note the PDGA Tournament scheduled for May 2 at Warwick Park has been changed to Sedgely Woods on May 2 as a NON PDGA tournament, the OCTAD tournament at Warwick on May 23-25, 1987 will be a Regional PDGA tournament.

The TSFC has scheduled several events to help promote flying disc sports to the general public. The first of these events is a special Disc Golf & Ultimate tournament on Mothers Day weekend (May 2-3, 1987), in Fairmount Park (Sedgely Woods), Philadelphia, PA. We hope to have live broadcast by WYSP 94.1 FM from the site. The second major event is the Annual Frisbee Hacky Sack Festival set for August 8, 1987. The Festival will be combined with a Regional Ashley Whippet K-9 competition event.

The TSFC will be holding elections in June (ballot to be mailed with the June newsletter). Nominations are now open for the following offices: President, Vice President, Treasure, Newsletter Editor, DE rep, NJ rep, and PA rep. If you are interested in any of these positions please mail in your name or names of others to the President (Jim Powers: 207 Spring Run Lane, Downingtown, PA 19335, by May 31, 1987).

The Philadelphia Area Frisbee Club (a member of the TSFC) is starting a new low cost disc price policy. All golf plastic will be sold at $6.00 per disc at all tournaments sponsored by the PAFC. The only way you can obtain these discs at this low price is by entering one of the PAFC tournaments.

Thank you Dave Stembel! Dave has provided his expert services to the TSFC by updating the Golf score cards and by providing expert drawings of the new golf discs (see drawings in this issue). If you see Dave on the golf course, take the time to thank him your self.

LETTER FROM THE EDITOR

As it gets warmer and we all start playing more disc, keep in mind the full schedule of events planned by the TSFC in 1987. If you are a regular disc event-attender, you know how much fun can be had at tourneys, and we'll see you out there. If you haven't yet sampled the many joys of competitive plastic flinging, or haven't made it out for a while, why not make plans to come out and play with us? A fun time is GUARANTEED! Disc sports are slowly but surely gaining in popularity and credibility, and it's groups like ours leading the way. YOU can make a difference!

As always, check COMING UP for changes... and enjoy! WSW

GOLF DISC UPDATE

by Dave Stembel

It seems Ed Headrick is always retooling his molds, resulting in yet another new series of DGA plastic. Among his latest discs is the intriguing GUM-B-PUTT. The name is reminiscent of the now-legendary GUMBY disc of two years ago. The old GUMBY (which was actually closer to the color of Gumby's pal Pokey) has reached near mythical status because so few ever reached the Philadelphia area. It was the "flapjack" of golf plastic, good for putting and erasing your score card! Is the new GUMBPUTT a reincarnation of the GUMBY? Alas, no. The GUMBY is out of production; the mold is broken. The new GUMBPUTT is, however, a return to the Gumby material from a new mold. Ed reports that the new mold is actually a mistake. It seems that while retooling the PUTTER mold, the mold-maker inadvertently combined the core of an old proposed disc design with the cavity of Ed's latest design for a 21.5 cm disc. The result was a pleasant surprise to Ed, who is very happy with the flight characteristics. The DGA is marketing two discs from this mold- the GUMBPUTT, and the PUTTERDRIVE. The PUTTERDRIVE is molded in a harder material and Ed believes it to be one of the best distance discs available.

Other DGA discs: the POWERDRIVE- a retooled Streamliner, the SOFTAPPROACH- same as the Softouch plus the lines of Headrick. Also, the SUPERDRIVE is being retooled to improve stability and production should commence shortly.

Flight testing on the GUMBPUTT and PUTTERDRIVE will take place this spring. (Editor's note- I have been putting with a GUMBPUTT since Autumn, and would like to say that it is a very fine putter indeed. The soft material eliminates some if not all "polehole rip-offs", and it feels really nice in your hand, the rounded lip making for very smooth releases. Try it!)

NEW DISCS

by Dave Stembel

It was three years ago when I last included a Wham-O golf disc (86 mold) in a comparative cross-section illustration. This spring, Wham-O introduces the 91 mold, designed and manufactured for Wham-O by Innova. One look at the 91 confirms the Innova/Dave Dunipace heritage. Interestingly, Innova also has a new disc, the ACE. Both discs resemble the XD and the original Eagle/Aero. The 91-21.1cm, and ACE-21.0cm are subtly different as the cross-section indicates. Though I have not had the pleasure of throwing either disc, I would expect they would be good (possibly excellent) down wind and slightly (though predictably) unstable. (Editor's note- The 91 is just what Dave predicts. It was the distance disc of choice at the Va. State Championships last weekend- always a hot tourney for distance mavens. The top four finishers- Randy Lahm, Jack Cooksey, Scott Zimmerman and Peter DeRaymond, all threw at least a few 91's.) CONTINUED ON PAGE 13

MISCELANEOUS STUFF

by Dave Stembel and Shannon Winn

Due to time and space limitations, this is bound to be one of the more confusing and information-packed articles we've ever run. Read carefully, Campers, and feel free to call Shannon (215 966 4238) or Dave (215 557 6271) if questions arise.

Look for a big DDC meet in late summer or early fall in the Philly area commemorating ten years of DDC.

Wallace, Roberts & Todd, the architecture firm where Dave works, has included an 18 hole disc golf course (pole holes) in its master plan for a park in Egg Harbor NJ. The course will feature streams, maybe a pond, scrub bushes and pine trees. More updates to follow.

On April 17, Scott Zimmerman, Overall God and Aerobie Chucker Extrordinaire, will attempt to hurl one or more Aerobies across the Potomac River in Washington, DC. The feat will take place in the vicinity of the Key Bridge, and Scott will be dressed as George Washington. This is true-we swear. The river is about 1100 feet wide there, and Scott's previous best throw is 1257'- the longest distance anyone, anywhere has thrown anything, ever.

Aerobie manufacturer, Superflight, is offering 1000 bucks each to A) anyone who throws an Aerobie 1/4 of a mile (1320'), and B) to the person with the longest documented throw of the new Aerobie 10 (model A-10) Dave has the details.

Changes (we don't know what) have been made on holes 1 & 2 at Warwick Park, site of OCTAD '87.

This newsletter is now accepting black and white photographs.

See you at OCTAD, and keep 'em flying...DMS III & WSW

NEWS FROM DELAWARE

DELAWARE DISC GOLFERS

1987 P.D.G.A. Tour

BRANDYWINE CREEK OPEN

Saturday May 16th

Wilmington Delaware

8:00 AM Registration

$15 Pro / $5 Am

Ace Pot

3 Rounds / 54 holes

9:00 AM Tee-off

Over $1000.00 in cash and prizes

Sponsored by Pacino's Pizza

For More Information Call : Rich Hughes (302) 834-8040

This Year the DELAWARE DISC GOLFERS (DDG) will reward the top touring players of the 1987 Disc Golf Season. For every DDG Event that you enter, you recieve 1 DDG Point; DDG Events include Semi-pro, Novice, PDGA, and Moonlight tournaments held in Delaware. One point will be awarded for each of the Novice tournaments you play in, 2 points if you register for both Novice rounds, but only 1 if you play in the 'Double Jeopardy' class. You will also recieve 1 point for each player, in your division, that you beat; there will be no points awarded for ties. Prizes will be awarded in Mens Pro, Mens Amateur, Womens Pro, and Womans Amateur divisions. The prizes will be given out at the Delaware Masters Tournament. The points will be on display at tournaments for any to inspect.

Current World Distance Record-
167.88 meters by Frank Aguilera on 2-4-84
in Las Vegas, Nevada.

1987 DELAWARE STATE PARK SPONSORED DISC GOLF TOURNAMENTS
FORMAT & SCHEDULE

Beginners, intermediates, and skilled players of all ages are invited to join in the fun of this competitive series of DISC GOLF TOURNAMENTS. Players will compete for 'official golf discs', T-shirts, and other prizes. There will be two seperate tournaments held on each of the dates. Registration for the first round begins at 10:00 AM. If you were not involved in the 1986 season, you will need to throw a PRELIMINARY ROUND before the tournament begins. Tee-off for the first round begins at 11:00 AM. The second round tees-off at 2:30 PM, with registration and Preliminary Round at 1:30 PM. There is a $2.00 ENTRY FEE for each round you play in. All PRIZE WINNERS are invited to the DELAWARE MASTERS TOURNAMENT to play for trophies. You may register for both tournments if :

1) you did not win a prize in the AM round.
2) the PM tournament is not too crowded.
3) you pay another $2.00 entry fee.

The Pros have another option, they can register for both rounds, $4.00 entry fee, in what is called 'DOUBLE JEOPARDY'. The winner of the Double Jeopardy will be determined after both rounds (36 holes).

You do not have to throw more than one PRELIMINARY ROUND, this will be used to group golfers into the PRO or AMATEUR class of the MENS or WOMENS division. If you were involved in the 1986 season, your average score will be entered as your Preliminary Score. Any man who shoots PRO PAR (54), or under, will be placed in the PRO class. Women who shoot from 64-79, depending on course difficulty, will be placed in the WOMENS PRO class.. The remaining golfers will be placed in the AMATEUR class, with a handicap based on a score of 50.

Example : Golfer shoots a 63 in the preliminary round... AMATEUR class handicap of 13.

Tournament round: The PRO class play for their best score for 18 holes. The AMATEUR class play for their best score for 18 holes, which is modified by their handicap. 'Sudden Life' will be played to break ties for prizes. Play will begin on hole #1 unless the TOURNAMENT DIRECTOR specifies a different starting hole. Any man who shoots a PRO PAR score, or under, and any woman who shoots the 64-79 score, or less, will be placed in the PRO class the next tournament. All other players will retain their handicap average (see example below) into the next tournament. This will eliminate the need for golfers to throw a preliminary round at the next tournament.

Example : If a player shoots a 63 in the preliminary round, and shoots a 57 in tournament; his average handicap = 10 ((13+7)/2)

TOURNAMENT SCHEDULE

Registration and preliminary rounds begin at 10:00 AM and 1:30 PM. Tournament rounds begin at 11:00 AM and 2:30 PM. Bad weather may cancel a tournament, call the TOURNAMENT DIRECTOR to be sure.

Semi-Pro Tournaments -
All entry fees are $5
36 holes for a cumulative score.

CONTINUED FROM PAGE 7

Steve Howle of Lightning has completely revised his Thunderbolt mold. He now calls it the Falcon. The disc reminds me of a 21.5cm version of the alien space ship from the classic "The Day The Earth Stood Still." Check out the little reverse curve at the nose and the extra thick rim. I have thrown the Falcon and find it to be a stable mid-range disc.

Finally, Dynamic Discs (formerly Destiny Discs, I think) is back with the new JET. This is a FLAT disc...hard to predict how it will fly. I've tried it a few times and it is surprising. It flies like a shrunken heavy lid (Wham-O 165). It may be just the disc for sidearm golfers, or anyone who has an occaision to attempt a sidearm. At 21.65cm, it is the largest new golf disc.

so there you have it...Collect 'em all-trade 'em with your friends. DMS III

Guts Players Association

1987 promises to be a competitive and challenging season. Over 32 teams competed in our Championship Series in 1986 and we expect the same amount of quality teams this year. Once again the IFT, the U.S. & GPA World's Championships are the gems that everyone desires on the circuit. But don't forget those local area regionals which provide competition in your area and is a good showcase for guts frisbee. Beside the expected fierce competition between teams, 1987 is a very special year. It marks the 10th anniversity of the Guts Players Association (GPA) and the 30th anniversity of the International Frisbee Tournament (IFT), the oldest frisbee tournament known to man. God Bless the Healy brothers! Indeed, in this special year for guts frisbee, be sure and attend a tournament on the GPA Championship series.

TOTAL COMMISSIONS PAID TO MEMBERS OF THE P.D.G.A. ON SALES OF 11 DISC GOLF COURSES.

$10,920.75

CONGRATULATIONS TO:

Chris Barley	$ 1,546.05
Norman Eckstein	1,546.05
Bob McMillin	1,546.05
Jim Kenner	1,406.30
Richard Hughes	1,234.07
Brian Cummings	805.50
John Lambeth	805.50
Terry Caines	725.03
Kevin Dunn	653.10
Bob Klein	653.10
TOTAL	$10,920.75

YOU TOO CAN EARN A 15% SALES COMMISSION. HERE'S HOW:

1. Make a sales presentation to your park district.

2. Send us the particulars, i.e. date, who was present, what decisions were made, etc.

We will acknowledge receipt of your letter and enter it in our file. When the course is sold and we have been paid, we will pay you a 15% commission. Your commission will be protected for one year from the date we receive your letter.

You may extend your exclusive protection for one year by making a new presentation prior to expiration of the first year.

If you want to make a real contribution to the sport we all love, and get paid for it, please join our sales program. Call or write for brochures, prices, videotape, etc.

THIS IS AN EXCELLENT FUND RAISER FOR YOUR CLUB, TOO!

More Information - Call 301-462-1867

Last year over 100,000 people learned to play at the Hacky Sack & Frisbee Festivals and this year 50 cities will again host these unique events. Many of these are becoming annual favorites, with more people coming out each year. The most important part of the festival however, is you! If you're into these great games we need you to teach and show off your skills. Every instructor gets a free Festival T-shirt and a great day of fun in the sun. The shirt and the fun are guaranteed, let's hope for the sun.

Be sure to come in time for the 11:00 a.m. Instructors Meeting to get your Instructor shirt and orientation for the day's schedule.

We'll see you there!

1987 HACKY SACK & FRISBEE FESTIVALS

Because of potential sponsorship and park conflicts, the following dates should still be considered tentative. When you decide which events you are going to attend, please call the Festival Coordinator to verify that the date and/or site has not changed. All Saturday dates have Sunday rain dates.
